## **Crepe Delicious Starts its Expansion at YYC**

(Calgary, AB) - The Calgary Airport Authority is pleased to welcome Crepe Delicious, Canada's fastest-growing creperie and gelateria, to Calgary International Airport (YYC). This is the latest food & beverage option to be added at Canada's third busiest airport, and a welcome addition to YYC's 135 shops and services that are available to the millions of travellers that visit the airport each year.

This marks the first airport location for Crepe Delicious. Open for breakfast, lunch and dinner, seven days-a-week, travellers can choose from freshly made sweet and savoury crepes, paninis, soups, salads and handcrafted gelato and sorbet. Crepe Delicious satisfies both the health-conscious and indulgent consumer across all age groups. This location represents the first of multiple locations planned over the next few years in major Canadian airports.

"We continually look for original new food & beverage concepts to serve our diverse and growing passenger mix at YYC," said Don Kolsun, Director, Commercial & Retail Development for The Calgary Airport Authority. "Crepe Delicious will be another great dining option for on-the-go passengers and staff members at the airport."

In addition to offering healthy food options such as its signature crepes, the new restaurant will offer a selection of gelato and sorbet, handcrafted at the airport daily.

"We're thrilled to bring our innovative brand concept to Calgary International Airport dining," said Crepe Delicious Founder and CEO Oded Yefet. "We hope our commitment to the finest and freshest ingredients and sincere hospitality will make Crepe Delicious the place busy travellers will choose for years to come."

### **ABOUT THE CALGARY AIRPORT AUTHORITY**

The Calgary Airport Authority is a not-for-profit organization incorporated under the Regional Airports Authorities Act of Alberta. The Calgary Airport Authority is responsible for the management, operation and development of Calgary International (YYC) and Springbank (YBW) Airports. YYC is an important economic engine for the city, region and province, generating over \$8 billion per annum in economic activity.
